

VESPABROS

(tours by vespa - on foot - by car)

Hi, this is me, **Emanuele**, I'm a **tour leader**, born and raised in Naples. I love to ride the motorcycle and the **vespa** and I'm so passionate as well about my beautiful city and all the areas around it, that I decided to make it a job.

My **friendly nature** helps me to create immediate harmony with my clients, the rest is thought of the innumerable historical, artistic and natural beauties of this land.

It will be a pleasure for me to show you the amazing beauties of this land, by the typical Italian scooter (**you will be passengers, so don't worry about the driving**), on foot or by car, so choose among different types of tours, in Naples or along the main areas around the city to **live an unforgettable experience with VespaBros!**
